

# HABC Level 2 Award in Principles Manual Handling

## Course Introduction

This Manual Handling course will explain the inherent dangers of moving and handling, but more importantly, it will show you how to perform the tasks with a minimum of risk as possible to keep you safe. There are no prerequisites to enrol on this course, but a health questionnaire will be given upon arrival to the training centre.

---

We Also offer a **HABC Accredited Level 2 Award in Manual Handling (RQF)**. This qualification is delivered over a full day's training. Please [contact us](#) for further info.

---

From January 2020 we will only be offering this course in the form of a full day Highfield qualification.

---

## Course Topics

### MODULE 1 Reasons for Safe Manual Handling

- Definition of Manual Handling
- Causes of Musculoskeletal Injury
- Preventing Musculoskeletal Injury
- Function of the Spine
- Manual Handling Key Legislation
- Policies & Procedure
- Ergonomics & Risk Assessment
